

# FLEXSTONE

CANADA'S TOUGHEST WATERPROOF COATINGS

## NOT ALL SUNDECKS ARE CREATED EQUAL

**SUNDECKS**

**ROOF DECKS**

**GARAGE FLOORS**

Flexstone is Canada's premier waterproof membrane. Seamless, luxurious, and specially formulated to last decades in Canada's harshest climates - Flexstone is the last deck membrane you will ever need. While the system is most commonly employed for sun decks, its applications also include garage floors, industrial / commercial floors, flat roofs, concrete walkways, pool surrounds and more.

- Seamless luxurious finish options
- Long lasting & designed for harsh climates
- Versatile with virtually endless applications
- CCMC Approved for applications over living space
- Competitively priced - Excellent value
- Flexible, waterproof and 100% UV Stable
- Odourless eco-friendly base coat
- Adheres to nearly any substrate
- Applicable over concrete and existing membranes.
